

CONTENTS

Foreword: Professor Khurshid Ahmad
Preface

IX
XXVII

Part - I

Preamble

1. Introduction	3
• Critical Issues	3
– Sustaining Growth	4
– Non-economic factors	4
– Skewed production pattern	4
– Regional imbalance	5
– Weak physical infrastructure	5
– Services sector potential	5
– Improving social sector	6
– Reducing external dependency	6
– Governance and moral values	6
• Objective and Structure of Study	6
2. Overview: Development Trends and Potential – <i>Performance and Prospects</i>	9
• Introduction	9
• Trend and Policies	9
• Pakistan's Development Potential	13
– Human Resources	14
– Natural Resources	15
– Capital Formation	15
– Technology	16
• Conclusion	17
3. Paradigm for Development –<i>Alternate Thinking</i>	21
• Introduction	21
• New Development Paradigm	22
– Vision	22
– Vision to Goals and Targets	23
– Operational Framework for new Paradigm	25
– Quantitative Approximation	28
– Conclusion	30
– Appendix: Matrix of Paradigm	31

Part - II

Performance and Prospects

4. Output, Savings and Investments – <i>A Dilemma</i>	33
• Output	33
• Investment	34
• Savings	37
• Foreign Direct Investment	41
• Conclusion	43
5. Agriculture – <i>Key to Progress</i>	45
• Introduction	45
• Critical Position of Agriculture	45
• Growth in Agriculture	47
• Crops	48
– Agricultural Inputs and Cropped Area	50
• Livestock	52
• Fishery	53
• Forestry	54
• Conclusion	54
6. Industry – <i>Engine of Growth</i>	57
• Introduction	57
• Manufacturing	57
• Construction	61
• Electricity and gas distribution	62
• Mining and Quarrying	63
• Conclusion	64
7. Services – <i>Promise of the Future</i>	67
• Introduction	67
• Wholesale and retail trade	68
• Transport, Storage and communications	68
• Public administration	68
• Finance and insurance	69
• Trade in services	69
• Conclusion	70
8. Inflation – <i>Re-emerging Dragon</i>	73
• Introduction	73
• Price Indices	73
• Analysis of Price Trends	74
• Conclusion	76

9. Public Finance – <i>Chronic Sickness</i>	79
• Introduction	79
• Revenues	80
• Expenditure	82
• Fiscal Deficit and its Financing	84
• Public Debt	85
• Conclusion	86
10. Money and Banking – <i>Lubricant of Growth</i>	89
• Introduction	89
• Background	89
• Monetary Policy	90
• Supply and Demand for Money	91
• Analysis of Banking and Finance	93
• Capital Market	95
• Conclusion	96
11. The External Economy – <i>Vulnerable and Volatile</i>	99
• Introduction	99
• Past Performance	99
• Recent Policy Changes	101
– Trade Policy	102
– Exchange Rate and Payments	102
– External Debt and Liabilities	105
• Conclusion	105
12. Physical Infrastructure – <i>Insufficient and Inefficient</i>	107
• Introduction	107
• Energy	108
– Electricity	109
– Natural Gas	110
• Transport and Communications	111
– Roads Network	111
– Railways	112
– Civil Aviation and Air Transportation	113
– Pakistan National Shipping Corporation	113
– Ports	113
– Communications	114
• Water Resources	114
• Housing	116
• Environment	117
• Conclusion	117
13. Human Resource and Development – <i>Pathetic and Dismal</i>	119
• Introduction	119

• Population	119
• Labour Force and Employment	121
• Health	122
• Education	124
• Conclusion	126

Part - III

Critical Issues

14. Development Planning in a Market Economy –	
<i>Changing Roles and Rules</i>	129
• Introduction	129
• Background	129
• Planning in Pakistan	131
– Initial Phase	131
– Interim Phase	132
– Revival of Plans	132
– Recent Initiatives	133
○ Perspective Plan 2001-11	133
○ Medium Term Development Framework 2005-10	133
– Growth Targets	136
– Fiscal Projections	137
– Employment Generation	138
– Evaluation of Planning Experience in Pakistan	138
• Planning in a Market-based Economy	139
15. Public Debt – <i>The Trap</i>	143
• Introduction	143
• Trends, nature and composition	143
– Domestic Debt	144
– External Debt	144
• Causes of Debt	144
– External imbalance	144
– Investment-Savings Gap	145
– Fiscal Deficit	146
– Provincial Debt	146
• Debt Servicing and Cost of Borrowing	147
• Debt Relief Measures	148
• Debt Reduction and Management Strategy	149
• Conclusion	150
16. Privatization – <i>Indiscrete Approach</i>	153
• Introduction	153
• Background	153
• Privatisation in Pakistan	155

– Objectives	155
– Institutional Framework	155
– Method of Privatisation	155
– Regulatory Authority	156
– Three Phases of Privatisation	157
○ Initial Phase (1977-88)	157
○ Comprehensive Phase (1991-1999)	158
○ Recent Initiatives (2000-2006)	159
– IFIs and Privatisation	160
● Socio-economic Impact of Privatisation	161
– Growth and Investment	161
– Fiscal Deficit and Public Debt	162
– Employment and Labour	162
– Employees Settlement	162
– Banking and Finance	163
– Energy Sector	163
– Consumer and Security Interests	164
● Conclusion	164
17. WTO and Globalisation – Challenges and Opportunities	167
● Introduction	167
● Background	168
● GATT- Laying Principles and Rules of Trade	168
● WTO – An Institution with Expanded Mandate	170
– Market Access in Trade in Goods	170
– Improved Discipline	171
– New Areas	171
– The Doha Development Agenda	171
● Pakistan and GATT/WTO	173
– Tariff Binding and Market Access	174
– Textiles and Clothing	175
– Agriculture	178
– Trade in Services	179
– Agreement on Trade Related Aspects of Investment Measures (TRIMS)	182
– Agreement on Trade Related Aspects of Intellectual Property Rights (TRIPs)	183
● Conclusion	184
18. Poverty and Economic Disparity – The Real Issue	187
● Introduction	187
● Concept and Measurement	187
● Global Perspective	188
● Incidence of Poverty in Pakistan	189
● Poverty Reduction Strategy	192

• Assessment of Strategy	193
– Growth and Employment	193
– Decline in Real Wages	193
– Privatisation and Restructuring of Public Enterprises	194
– Economic Inequality	194
– Strengthening Social Services	194
• Conclusion	195

Part - IV

19. Conclusions and Recommendations - *Measures for action*

	197
– Ensuring Balanced Development	197
– Augmenting Savings and Investment	197
– Harnessing Agricultural Potential	198
– Turning Industry into Engine of Growth	199
– Realising Services Potential	200
– Fostering Technology-led Development	200
– Building Efficient Physical infrastructure	201
– Boosting Human Development	201
– Ending Poverty	202
– Revamping Governance	203
– Unleashing Fiscal Dilemma	203
– Relieving Debt Burden	204
– National Security	205
– Managing Financial Liberalism	205
– Encountering Global Challenges	206
